Difference

Significant Savings

Save money with WiLine. Combine voice and data for a typical savings of 25% or more on your current monthly bill.

Investment Protection

Service easily integrates with existing PBX and Key Systems so whatever equipment you have, we can help you make the most of it. Or choose WiLine's Hosted PBX Solution for ease and convenience.

Efficient Network Management

Converged broadband network is simple to manage. Our SLA ensures 100% throughput and 99.99% availability

Hassle-Free Installation

Connection is made to your existing equipment or to our hosted solution so making the switch is fast and easy.

Future-Ready

Adopt advanced and emerging features associated with digital voice whenever your business is ready.

Predictable Costs

Pick your package, know your price. No variations with call volumes or hidden fees, just unbeatable savings.

Maximum Productivity

Provisioned over our converged network ensures maximum performance levels with 100% throughput and 99.99% availability.

Reliable Support

24 x 7 support is always available to assist should a service need arise.

ABOUT US

WiLine is a provider of fast, flexible, affordable broadband solutions to businesses of all sizes. We offer configurable voice, data, networking and hosting solutions that enable businesses to select the right combination of bandwidth and services to maximize productivity. Through a single broadband connection over our private network, we deliver superior quality voice and premium data speeds for less than you ever dreamed.

ADVANCED NETWORK

Our tailored solutions are delivered over our private, facilities-based Metro Ethernet Network. We bypass the legacy architecture of the phone companies and connect directly to all the buildings we serve. We handoff a scalable, Ethernet based interface to our customers thus eliminating the need for complex network equipment that is required with outdated phone company services. This advanced network allows us to offer all the data and communication services businesses have come to expect but with configuration options and price points that are truly unexpected.

PERSONALIZED SUPPORT

We offer an industry-leading Service Level Agreement to ensure you receive the highest availability and throughput with the lowest latency and packet loss on both our network and the last mile. Our customer support team stands behind our Service Level Agreement, available 24 hours a day seven days a week, providing the personalized attention that you deserve.

TECHNOLOGY ADVANCEMENT WITHOUT THE INVESTMENT

WiLine Business Voice delivers dial tone to your existing PBX/Key System or offers a Hosted PBX Solution over our converged broadband network. With WiLine, you leave the legacy of traditional phone service behind and transition to an advanced digital voice solution that will deliver a richer experience at a more affordable price. And, because this connection is digital, you get a technology upgrade without expensive equipment changes or disruptions to service.
