

WiLine Service Agreement Terms and Conditions

This WiLine Service Agreement Terms and Conditions ("Agreement") is by and between WiLine Networks, Inc., with its principal place of business at 1599 Industrial Rd., San Carlos, CA 94070 ("WiLine") and entity ("Customer") with its principal place identified on the service agreement work order ("Service Agreement") for WiLine services ("Services") described in the Service Agreement. Any Services provided by WiLine to Customer shall be governed by the terms and conditions herein.

- 1. Acknowledgment and Acceptance of Agreement.** The Services are provided to Customer by WiLine in accordance with this Agreement and signed Service Agreement, which comprise the entire agreement between WiLine and Customer superseding any prior agreements pertaining to this subject matter. Customer agrees that Customer is subject to any posted policies or rules applicable to Services which may be posted at any time. IF CUSTOMER DOES NOT AGREE TO BE BOUND BY THE TERMS AND CONDITIONS OF THIS AGREEMENT, CUSTOMER IS NOT PERMITTED TO USE THE SERVICES. PLEASE CONTACT WILINE CUSTOMER CARE AT WWW.WILINE.COM TO CLOSE CUSTOMER ACCOUNT AND DISCONTINUE THE SERVICES. CUSTOMER'S CONTINUED USE OF THE SERVICES EVIDENCES CUSTOMER AGREEMENT TO THE TERMS AND CONDITIONS OF THIS AGREEMENT, INCLUDING ANY AMENDMENT.
- 2. Customer Representations.** Customer represents to WiLine that, at all times: (a) Customer is at least 18 years of age; (b) Customer owns the premises at which the Services will be installed ("Site") or have the consent of the owner for any changes needed to the Site for installation of the Service; (c) Customer has reviewed any restrictive covenants or homeowner's restrictions and confirmed that an antenna and WiLine Equipment as defined below may be installed on the Site; (d) Customer will notify WiLine of any change of occupancy, ownership, or tenancy of the Site; (e) Customer will use the Service in accordance with this Agreement; and (f) Customer will provide and maintain routers, switches, firewalls, computer(s), cabling and other customer-premises based equipment necessary to receive and operate the Service (hereafter referred to as "Other Products").
- 3. Services, Installation and Activation.** WiLine will provide the Services identified on the Service Agreement. The Service Installation Address ("Service Address") will be recorded as Customer's Primary Place of Use. WiLine will make said Services available at the Service Address within thirty (30) business days from the date this Agreement is signed so long as delays described below have not occurred. The date that WiLine notifies Customer that a Service is available is the "Activation Date" for such Service. The "Commencement Date" with respect to each Service shall be the earlier of (i) three (3) days after the respective Delivery Date or (ii) the date that Customer begins using such Service. Notwithstanding any notice provisions in the Agreement to the contrary, for purposes of this Section, notification of the Activation Date will be deemed delivered on the day such notice is provided by WiLine and billing will commence on the Activation Date. If WiLine is solely responsible for any delays in Service availability beyond that 30-business day period, WiLine will credit any Install Fee or Setup Fee previously paid for that Service. To receive installation credit, Customer must request the credit in writing or email to billing@wiline.com within 30 days of the date of the first invoice. No credit will be issued, however, if delays were a result of: (a) WiLine's inability to secure access to the property(ies), including but not limited to rooftop(s), Main Point of Entry (MPOE), Customer suite or point of demarcation; or (b) Customer's faulty or incomplete facilities or equipment; or (c) Customer's request for delay, failure to promptly respond to WiLine's request or timely supply any requested or necessary information; or (d) Customer's negligence or omissions; or (e) Customer's failure to meet Agreement approval terms; or (f) any special installation circumstances WiLine identified to Customer at the time of sale; or (g) events or circumstances beyond our control, such as "Events of Force Majeure"; or (h) inability to acquire or maintain commercially reasonable transport and other facilities; or (i) any delay pursuant to federal or state action; or (j) any delay in the transfer or porting of a phone number. Further, no installation credit will be payable if Services require special set-up or installation at Customer's Service Address, whether or not identified at the time of sale. Should special set-up or installation be required, WiLine may terminate this Agreement or cancel any Services without any obligation or liability to Customer. Installation commitments and credits do not apply to any locations outside Service Address.
- 4. Service Level Guarantee and Commitment.** Data services described herein consist of symmetric or asymmetric Internet transit services and Ethernet private line connections, and are measured from Customer's origination site demarcation point to Customer's termination site demarcation point. Internet transit services with different specified upload and download speeds are asymmetric data services. Internet transit services with the same specified upload and download speeds are symmetric data services. For WiLine's Internet transit service, the Customer's origination site demarcation point is defined as the point at which WiLine interconnects with the customer's MPOE in said Service Address and the Customer's termination site demarcation point is defined as the point at which WiLine interconnects with the Internet. For WiLine's Ethernet private line connections, the Customer's origination site is defined as the point at which WiLine interconnects with the Customer's MPOE in said Service Address at one location and the Customer's termination site is defined as the point at which WiLine interconnects with the Customer's MPOE at the second location. Voice service described herein applies to the availability of 'dial-tone' and associated voice features at the demarcation point between the WiLine network and the Customer's MPOE in said Service Address. Service Level Guarantees are available only for WiNet Data and Premium Internet Service symmetric data services, and Ethernet private line connection and voice services provided to commercial Customers. **Service Level Guarantees do not apply to the following: Asymmetric data services, Standard Internet Service symmetric data services, in cases where an Ethernet private line connection does not interconnect with WiLine's network, in cases where a Voice service is operating over a non-WiLine network, or in the case of any service provided to a residential Customer ("non-SLA services"). Customer acknowledges and agrees that non-SLA Services are provided "as is" and credit allowances for interruption of the Services shall not be provided.**

4.1 Definition. "End-to-End Network Availability" or "Network Availability" or "Data Availability" is the number of minutes in each calendar month during which a Service is available to exchange data between the Customer's origination and termination points and "Voice Availability" is defined as the availability of 'dial-tone' and shall be determined as follows:

$$[(\text{Total Minutes in Calendar Month}) - (\text{Total Minutes of Non-Availability})] / (\text{Total Minutes in Calendar Month}).$$

"Total Minutes in Calendar Month" is determined by multiplying 24 hours times number of days in the month times 60 minutes, and "Total Minutes of Non-Availability" means the total of all minutes of service Non-Availability for a specific Service in a calendar month.

Customer's Service shall be considered "Available" until the date/time of WiLine's receipt from Customer of a Service Non-Availability Notice and the issuance by WiLine to Customer of a Trouble Ticket. The measurement period for determining Service Non-Availability shall commence upon WiLine's receipt of a Service Non-Availability Notice and issuance by WiLine of a Trouble Ticket and conclude upon the date/time of the Service Restoration Notice from WiLine to the Customer.

"Mean Time to Repair" or "MTTR" is the monthly average time to repair all Trouble Tickets on a specific Service, with the same severity level, during a Service Outage. The length of all Service Outages related to Customer is totaled at the end of the billing month and is divided by the total number of Trouble Tickets opened by the Customer for that billing month: (Cumulative Length of Service Outage(s) per Service) / (Total Number of Trouble Tickets per Calendar Month per Service)

"Service Outage" is an unscheduled period in which one or more of Customer's Service(s) is interrupted and not usable for sixty (60) or more seconds within a 15- minute period as measured by WiLine. A Service Outage will commence when the Customer reports a Service Outage to WiLine via a Trouble Ticket and will end when the affected Service is restored and WiLine issues a Service Restoration Notice. If the Customer fails to initiate a Trouble Ticket with WiLine, or does not release the Service to WiLine for testing, WiLine will not be obligated to issue credits for the Service Outage.

"Trouble Ticket" is the official method used by the Customer to advise WiLine of a perceived Service outage.

"Service Restoration Notice" is the official method used by WiLine to advise Customer of the restoration of a Service Outage.

"Latency" is the monthly average roundtrip packet travel time between two WiLine service related mega-POP locations ("POP-to-POP").

"Jitter" is monthly average short-term variation of the digital signal from its ideal position in time. If S_i is the timestamp from packet i , and R_i is the time of arrival in timestamp units for packet i , then for two packets i and j , D may be expressed as:

$$D(i,j) = (R_j - R_i) - (S_j - S_i) = (R_j - S_j) - (R_i - S_i)$$

"Packet Loss" is monthly average failure of one or more packets between Customer's origination site demarcation point and a test point on the WiLine network.

4.2 SERVICE LEVEL GUARANTEES.

With respect to each Service ordered by Customer and subject to the exclusions specified above, WiLine offers "Network Availability", "Voice Availability" (collective referred to as "Service Availability"), "Mean Time to Repair (MTTR)", "Latency", "Jitter", and "Packet Loss" Service Level Guarantees as described below.

Service Item	Service Level Guarantee
Network Service	99.99% Availability
Voice Service	99.99% Availability
MTTR	4 Hours
Latency	10msec
Jitter	2msec
Packet Loss	0.001%

If the Service Availability, MTTR, Latency, Jitter, or Packet Loss for a particular service falls below the applicable parameters in any given calendar month, Customer shall be eligible to receive a credit for such month in accordance to that described below.

4.3 SERVICE CREDITS.

Customer will be entitled to the applicable credits (the "Service Credits" or "Credits") should WiLine fail to meet the Service Level Guarantee. These Credits are the customer's sole and exclusive remedy for Service related claims. Eligibility for any credit is subject to the Customer's account being held current and having no outstanding balance due.

The non-compliance credit structure is based on monthly billing calculations. For any billing month in which WiLine fails to meet a Service Level Guarantee, the Credit will be applied to the monthly recurring service charges of the affected Service as defined in the applicable Service Agreement.

For every hour of Network or Voice Service Non-Availability, Customer is eligible for one day of credit for any service affected up to a maximum of one full month service credit in any given calendar month. Should Customer receive the maximum service credit for three (3) consecutive months, Customer may terminate the Agreement without liability for Early Termination Charges but liability for Services through the effective date of termination for that Service, subject to receipt of fifteen (15) days prior written notice from Customer sent to contracts@wiline.com no later than thirty (30) days after the end of the consecutive three (3) month period.

In addition to Service Non-Availability credits, if WiLine fails to meet the MTTR, Latency, Jitter, or Packet Loss guarantees, customer shall be entitled to one (1) days credit prorated from the Customer's Recurring Monthly Service Fees for each service level item.

4.4 SERVICE CREDIT ELIGIBILITY.

To be eligible for a Service Credit, Customer must report a Service Outage to the appropriate WiLine Service Center and submit a Service Non-Availability Notice, and make a written request (the "Credit Request") for a Service Credit from WiLine within thirty (30) days of receipt of the Trouble Ticket. The Credit Request must contain the Trouble Ticket number, the date the Trouble Ticket was opened and closed, and the credit identification number for each Service affected by a Service Outage. If Customer fails to comply with the written notice requirement within the 30-day period described above, Customer shall, with respect to such Service, have permanently waived its right to any Service Credit for the month in which WiLine has failed to meet the Service Level Guarantee.

Customer must choose which Service Level Guarantee to be verified when seeking non-compliance. In the event WiLine is non-compliant with Network Availability and Voice Availability, Customer will only receive non-compliance credits for one of the two (2) missed Service Level Guarantees. In addition to Service Availability credits, in the event WiLine is non-compliant with MTTR, Latency, Jitter or Packet Loss, Customer will only receive non-compliance credits for each Service Level

Guarantee.

Two (2) or more service interruptions to the same service of two (2) hours or more during any one 24 hour period shall be considered as one interruption.

4.5 OTHER SERVICE LEVEL GUARANTEE TERMS AND CONDITIONS.

The Service Level Guarantee shall not apply and a period of Service Non-Availability shall not be deemed to have occurred (and a Service Credit not due Customer) in the event (a) the service is expressly excluded from being eligible for a Service Level Guarantee or (b) if the service is unavailable due to any of the following

- (1) scheduled Network maintenance; or
- (2) the occurrence of a Force Majeure event; or
- (3) the Interruptions on Services that are not "Accepted Services" (i.e., an Accepted Service is one that WiLine and the Customer have tested and mutually agree is working as ordered); or
- (4) The negligence, act, error, or omission of Customer or others authorized by Customer to use Customer's service; or
- (5) Service Outages attributable to customer premise equipment (CPE), third party equipment or any Customer application on a service; or
- (6) Any act or omission on the part of Customer, its contractors, agents or vendors, including any refusal to release a Service to WiLine for testing or maintenance; or
- (7) WiLine or its agents not being afforded access to the premises where the access lines associated with Customer's service originate or terminate; or
- (8) Customer or user has released service to WiLine for maintenance or rearrangement purpose, or for the installation of Customer's Service Agreement; or
- (9) Customer elects not to release the service for testing and/or repair and continues to use it on an impaired basis; or
- (10) Customer use of services in an unauthorized or unlawful manner; or
- (11) WiLine disconnects a Service for non-payment; or
- (12) Customer submits an incorrect Service Agreement.

- 5. Acceptable Use Policy ("AUP").** Customer agrees: (a) not to use the Services for illegal purposes; (b) not to take any action that imposes, or may impose in our sole discretion an unreasonable or disproportionately large load on our infrastructure; (c) not to interfere with or disrupt the Services or servers or networks connected to the Services or take any action which might prevent or restrict access to the Site except as the parties agree; (d) to comply with all requirements, procedure, policies, and regulations of networks connected to the Services; (e) not to resell the Services or use of or access to the Services; and (f) to comply with all applicable laws regarding the transmission of technical data exported from the United States.

Customer agrees not to upload, post, email, or otherwise transmit through the Services: (a) any unlawful, harassing, libelous, privacy invading, abusive, threatening, harmful, vulgar, obscene, indecent, tortuous, or otherwise objectionable material of any kind; (b) any material that violates the rights of another, including, but not limited to, the intellectual property rights of another; (c) any material that violates any applicable local, state, national, or international law or regulation; (d) contains any viruses, Trojan horses, worms, time bombs, cancelbots, easter eggs or other computer programming routines that may damage, detrimentally interfere with, surreptitiously intercept or expropriate any system, data, or personal information; or (e) create liability for us or cause us to lose (in whole or in part) the services of our ISPs or other suppliers. In the event of such an occurrence, WiLine shall notify Customer of the occurrence and reserves the right to terminate the Service should Customer not rectify the occurrence in a timely manner and to WiLine's satisfaction.

WiLine reserves the right to immediately suspend Service of any Customer in violation of any part of the Federal CAN-SPAM Act of 2003. The sending of any form of unsolicited bulk email ("UBE") through the WiLine network is prohibited. Similarly, the sending of UBE from another service provider advertising a website, email address or utilizing any resource hosted on WiLine's network, is prohibited. The Service may not be used to solicit customers from, or collect replies to messages sent from other Internet service providers where those messages violate this Acceptable Use or that of the other provider.

Customers may not sell or distribute lists of "harvested" email addresses. Customers who provide or make use of a service employing referral IDs will be considered responsible for UBE sent by members of the referral ID service that makes reference to services provided by WiLine. Purchasing lists of email addresses from third parties for mailing through any WiLine hosted network, collocation or referencing any WiLine account is prohibited.

Customers sending bulk email, using WiLine services, may only engage in such activity through the use of "closed-loop opt-in" mailing lists, where this refers to lists obtained and assembled only by the sender and with the direct permission of the listed recipients. Subscribing email addresses to any mailing list without the express and verifiable permission of the email address owner is prohibited. Customers who send bulk email must have a method of confirmation or verification of subscriptions ("Subscription Confirmation") and must be able to show evidence of such Subscription Confirmation to users who complain about receiving unsolicited email. Customer shall keep all Subscription Confirmations for each mailing list address for the duration of the existence and use of any mailing list and for a reasonable time after such use. Customer must provide a mechanism by which email recipients can submit requests to unsubscribe from any mailing list. Customer must honor all unsubscribe requests within 5 business days.

Customer may not send or attempt to send e-mail messages or transmit any electronic communications using a name or address of someone other than Customer for purposes of deception. Any attempt to impersonate someone else by altering a source IP address information or by using forged headers or other identifying information, including the domain name is prohibited. Any attempt to fraudulently conceal, forge, or otherwise falsify Customer's identity in connection with use of the Service is prohibited.

Customer shall not operate an account on behalf of, or in connection with, or reselling any service to, persons or firms listed in the Spamhaus Register of Known Spam Operations (ROKSO) database at www.spamhaus.org.

WiLine does not monitor on-line content; nevertheless, WiLine may suspend Service in order to remove content that WiLine deems to be in violation of this AUP. The AUP applies to e-mail, USENET postings, chatting, and browsing. In the event

WiLine is notified of the existence of child pornography being transmitted over the WiLine network, WiLine may immediately suspend Service.

In the event WiLine is notified of a violation of the Digital Millennium Copyright Act ("DMCA"), WiLine shall forward such complaint to Customer. Customer shall abide by the "takedown and notice" procedures set forth in the DMCA. Customer expressly indemnifies WiLine from any costs, liabilities, or damages resulting from Customer's failure to abide by the DMCA or this AUP. WiLine may, in its sole discretion, disable and/or terminate the accounts of users as a result of DMCA violation notices.

Customer shall not obtain or attempt to obtain service by any means or device with intent to avoid payment. Customer shall not advertise, transmit, or otherwise make available any software, program, product, or service that violates this AUP or the AUP of any other Internet service provider, which includes, but is not limited to, the facilitation of the means to send UBE, initiation of pinging, flooding, mail-bombing, denial of service attacks.

Unauthorized access, alteration, destruction, or any attempt thereof, of any information of any of WiLine's customers or end-users by any means or device is prohibited.

Customer shall not engage in any activities that harass, or that will cause a denial-of-service (e.g., synchronized number sequence attacks) to any other user whether on the WiLine network or on another provider's network.

Customer shall not use the Service to interfere with the use of the WiLine network by other customers or authorized users.

WiLine implements DNS name resolving servers in each market for the purpose of providing DNS name resolution services ("DNS Service") to our direct customer base. Customer is not permitted to resell this DNS Service or to package it into a service or product that will in turn be resold to third parties. In addition, the DNS Service is to be used for the sole purpose of DNS name resolution. Customer is not permitted to query the DNS Service for any purpose other than a specific information request for use by WiLine direct customer and not to be-reused by a customer of WiLine's direct customer, except when used for troubleshooting and diagnostics.

Customer agrees not to attempt to gain unauthorized access to other computer systems or networks connected to the Services. Customer acknowledges and agrees that, in addition to other remedies in law or equity for Customer failure to comply with these standards: (a) WiLine may ban Customer from future use of the Services; (b) WiLine may recover damages from Customer; (c) WiLine may remove all data which, in WiLine's sole discretion and judgment, violate these standards; and (d) Customer agrees to indemnify, defend and hold harmless WiLine from all claims, damages, losses (including all costs and attorneys' fees) arising from or relating to Customer representations, obligations or use of the Services or WiLine equipment as defined below.

Each WiLine customer is responsible for the activities of its users and, by accepting service from WiLine, is agreeing to ensure that its customers/representatives or end-users abide by this Agreement. Complaints about customers/representatives or end-users of Customer will be forwarded to Customer's Postmaster for action. If violations occur, WiLine reserves the right to terminate services with or take action to stop Customer from violating WiLine's Agreement as WiLine deems appropriate, without notice.

Customer also expressly agrees not to use the Service for auto-dialing, continuous or extensive call forwarding, telemarketing, fax broadcasting or fax blasting, or for any other use that results in excessive usage inconsistent with normal calling patterns. WiLine reserves the right to immediately disconnect, modify, or limit Customer's Service if WiLine determines, in its sole and absolute discretion, that Customer's use of the Service is, or at any time was, inconsistent with normal usage patterns, including but limited to over 60 calls per minute per line. Customer will defend, indemnify and hold WiLine, its affiliates, and their agents and suppliers harmless against any and all claims, losses, or liability arising under this Section. The foregoing sentence will survive termination or expiration of the Agreement for any reason.

If Customer violates any provision of this AUP, WiLine reserves the right to immediately suspend the Service. In most cases, WiLine will attempt to notify Customer of any AUP violations and may request that Customer immediately cease such prohibited activity. However, in cases where the integrity of the WiLine network is threatened, where Customer violates the AUP of a WiLine's third party service provider, or in cases involving request from law enforcement or governmental agencies or court orders, WiLine reserves the right to suspend or terminate Customer's Service without notification. In addition, WiLine may take any other appropriate action, legal or otherwise, against Customer for violations of the AUP, including termination of the WiLine Service Agreement and/or any service order form(s) signed by Customer.

For Residential Customers, WiLine's Service's for residential Customers are for the reasonable personal residential use of Customer only. This means that Customer is not to resell or transfer the Service or Equipment to any other person for any purpose, without express written permission from WiLine in advance. Customers shall not use the Services for commercial or governmental purposes, or for profit or non-profit activities, including, but not limited to, home office, business, sales, telecommuting, autodialing, continuous or extensive call forwarding, continuous connectivity, fax broadcast, fax blasting, telemarketing, junk faxing, fax spamming, calling/faxing any person (through the use of distribution lists or otherwise) who has not given specific permission to be included in such a process or any other activity that would be inconsistent with personal and residential usage. Customer shall not transmit through the Service any unlawful, harassing, libelous, abusive, threatening, harmful, vulgar, obscene or otherwise objectionable material of any kind or nature. Customers further agree not to transmit any material that encourages conduct that could constitute a criminal offense, give rise to civil liability or otherwise violate any applicable local, state, national or international law or regulation. Customer agrees to notify WiLine immediately if usage changes from personal residential to business use and to subscribe to a business plan. WiLine reserves the right to immediately terminate or modify the Services of any Customer if WiLine determines, in its sole discretion, that Customer is not using Services for Customer's reasonable personal residential use.

- 6. Service Agreement. Services. WiLine Equipment. Other Products.** Customer will approve a WiLine-issued Service Agreement describing the Services for the Term at the corresponding price to be used at the Site. WiLine will accept the Service Agreement and provide the Services subject to this Agreement and any applicable tariffs if Customer qualifies and Customer complies with this Agreement. WiLine may modify or discontinue, temporarily or permanently, the Services upon 60 days prior written notice to Customer. Customer agrees that WiLine shall not be liable to Customer or any third party for

any modification or discontinuance of the Services. WiLine will provide the hardware and software listed on the Service Agreement ("WiLine Equipment") which Customer agrees will be used only in conjunction with the Services. At all times, title and risk of loss or damage remain with WiLine (excluding loss or damage caused by or attributable to Customer or Customer employees, agents, or subcontractors). Customer will keep the WiLine Equipment free and clear of all liens, attachments and other encumbrances. Customer will not assign, otherwise transfer or dispose, remove or relocate the WiLine Equipment without WiLine's written consent. Unless the parties otherwise agree, Customer will make the WiLine Equipment available for return within 5 days from the expiration or earlier termination of the Agreement at Customer's expense.

WiLine will assign to Customer, on a temporary basis, an Internet Protocol Address ("IP Address") either from the address space assigned to WiLine or a non-public NAT address. This IP Address belongs to WiLine and is not portable. WiLine reserves the right to change the IP Address at any time, for any reason without notice or liability. In the event that such change is required WiLine shall coordinate with the Customer so as to minimize impact to Customer's use of Service.

Customer may be required, at Customer's expense, to provide and maintain Other Products.

To provide the Services, WiLine may ship Equipment to Customer. All Equipment shipments are F.O.B. WiLine's facility. WiLine's liability for delivery shall cease, and title (if applicable) and all risk of loss or damage shall pass to Customer upon delivery to carrier.

Customer will be provided the manufacturer's warranty from the date of purchase of Equipment or Service. Customer shall be required to obtain authorization from WiLine to return any Equipment. WiLine will provide replacement Equipment only if the Equipment is deemed to be defective and covered under the warranty. WiLine will not cover replacement for lost, stolen or modified equipment. Equipment returned by Customer that is not covered under warranty may be refused by WiLine, and Customer will be responsible to pay return shipping charges.

- 7. Payment.** Service Monthly Fees, Install and Set-up Fees, and other charges begin for each Service as each Service is made available to Customer, regardless of whether multiple Services may have been ordered on a single Service Agreement. Where non-standard installation or Professional Services charges are incurred, WiLine, at its sole discretion, may invoice for these charges prior to installation and activation of Service. For Voice services, activation may occur after dial tone is provisioned to customer's location but before number porting, if applicable, is complete. Each month, WiLine will send or make available online an electronic invoice that will include all recurring, fixed Monthly Fees and charges billed one month in advance. CUSTOMER AGREES TO PAY THE TOTAL AMOUNT OF EACH INVOICE BY THE INVOICE DUE DATE SHOWN ON THAT INVOICE. Customer agrees to electronically pay invoices either by authorizing WiLine to charge Customer's credit card or to debit Customer's bank account using Automated Clearing House ("ACH"). Invoiced charges are due and payable within twenty (20) days of the date of invoice. If Customer fails to pay any charges when due, WiLine may collect a \$50 late fee for commercial customers or \$10 late fee for residential customers or the greater of 1-1/2% of the amount then due or the maximum allowed by law plus all amounts then due, plus any of WiLine's costs or expenses (including bank fees charged for insufficient funds or the like). Customer agrees to notify WiLine of any change to the credit card information including, but not limited to, changes in account number, expiration date or billing address. WiLine shall not be responsible for any charges made by the Credit Card issuer or financial institution to Customer's credit card account for exceeding credit limit, insufficient funds or other reasons. Customer will advise WiLine of any billing discrepancies or disputes within 20 days after receiving notice of the charge or the amount charged shall be deemed due and payable. Prices quoted on Service Agreement remain valid for the Initial Term stated on Service Agreement. WiLine reserves the right, in its sole discretion, to apply an annual price adjustment based on the Consumer Price Index (CPI) as published by United States Department of Labor, Bureau of Statistics. After the Initial Term, prices quoted on the Service Agreement may be subject to price adjustments to the then prevalent price for such services. WiLine reserves the right to change from time to time its list price for services.

Currently, WiLine is not required to and does not collect taxes for WiLine's broadband services. Voice services are provided to Customer by VoiceCo. Inc. ("VoiceCo"). WiLine is the billing agent for VoiceCo. Any and all Federal, State and Local taxes, surcharges and/or fees that may be due will be billed by WiLine on behalf of VoiceCo. WiLine and/or Federal, State and Local governments may assess taxes, surcharges and/or fees on Customer's use of WiLine service. These charges may be a flat fee or a percentage of Customer's WiLine charges and may change from time to time without notice. These charges are based on the rates applicable to the address Customer provided to us. Customer is responsible for all applicable federal, state, provincial, municipal, local or other governmental sales, use, excise, value-added, personal property, public utility or other taxes, fees or charges now in force or enacted in the future, that arise from or as a result of Customer's subscription or use or payment for the Service. Such amounts are in addition to payment for the Service and will be billed to your payment method as set forth in this Agreement. If Customer is exempt from payment of such taxes, Customer must provide us with an original certificate that satisfies applicable legal requirements attesting to tax-exempt status. Tax exemption will only apply from and after the date WiLine receives such certificate.

- 8. Terms and Termination.** The Term of this Service will be stated on the Service Agreement. At the end of the Initial Term, this Agreement will be automatically renewed for successive Term periods ("Renewal Term") until either party terminates this Agreement upon 30 days prior written notice, and such written notice must be sent to contracts@wiline.com. Customer may terminate Services (without liability for Early Termination Charges) if Customer experiences Service Non-Availability, subject to the terms of the Service Level Guarantee and Commitment for that particular Service. Customer may also terminate this Agreement if WiLine fails to comply with any other WiLine obligation under this Agreement for 30 consecutive days after receiving written notice from Customer. In either case, Customer may terminate the affected Service only if Customer's account is current before termination (i.e., no balance due more than 30 days) and Customer and Customer Equipment did not contribute to the Service Non-Availability or to WiLine's failure to comply with this Agreement, either directly or indirectly.

Customer may, however, terminate its Services at any time (with liability for Early Termination Charges) by written, 30-day notification. To terminate its Services, Customer must send a notice of cancellation to contracts@wiline.com.

This Agreement will be immediately terminated, without notice, for a material breach, if Customer becomes insolvent, is unable to pay its debts when due, files for bankruptcy, is the subject of involuntary bankruptcy, has a receiver appointed, or has Customer's assets assigned. Upon termination of this Agreement for any reason except for WiLine's termination of the

contract without cause or Customer's termination due to a material default by WiLine and WiLine failed to cure within such notice period, WiLine may cancel any unfulfilled obligations and is entitled to collect all sums due resulting from such termination, including Early Termination Charges.

WiLine may terminate this Agreement or suspend all of any Services if: (a) Customer fails to take any action that we have requested in order for WiLine to install or activate the Service; (b) Customer fails to pay any amount owing to us when due, and fails to pay all past due amounts within ten (10) days after notice from WiLine; (c) Customer fails to comply with the AUP described above; (d) Customer fails to perform or comply with any other obligation under this Agreement, and do not perform and comply with that obligation within thirty (30) days after notice from WiLine; (e) WiLine determines at any time (in WiLine's sole discretion) that Customer's payment record, ability to make timely payments or credit worthiness has become unsatisfactory; (f) Customer is involved in or is the subject of any change-in-control, including sales of Customer's stock or assets, reorganization or merger. If WiLine elects to terminate this Agreement or any Services, Customer must pay Early Termination Charges as described below. If WiLine elects to suspend any Services, Customer must pay all resumption and other charges described in the following section.

If WiLine elects to suspend Services under any circumstances pursuant to this Agreement, then to resume those Services, Customer must first pay all past due and other applicable charges, including any late payment fees and other fees describe above, and a resumption fee of \$100. Before WiLine resumes Services, WiLine may request satisfactory assurances from Customer's future ability to pay for Services timely, even if Customer has paid the required resumption fee and other amounts. Those assurances may include a one month advanced payment for future Services. If Customer fails to provide satisfactory assurances (in WiLine's sole discretion) or Customer fails to promptly make all required payments to resume Services, then Customer will be considered to have terminated this Agreement. At such time, Customer must pay Early Termination Charges, in addition to all other amounts owed under this Agreement.

At WiLine's sole discretion, should this Agreement be terminated, Customer will return the IP Address and all of the WiLine Equipment in good working order, wear and tear excepted within 30 days of termination for any reason with an RMA issued by WiLine. WiLine may remove WiLine Equipment as Customer requests in accordance with its then standard prices and terms and conditions.
