

# Why should you choose WiLine?

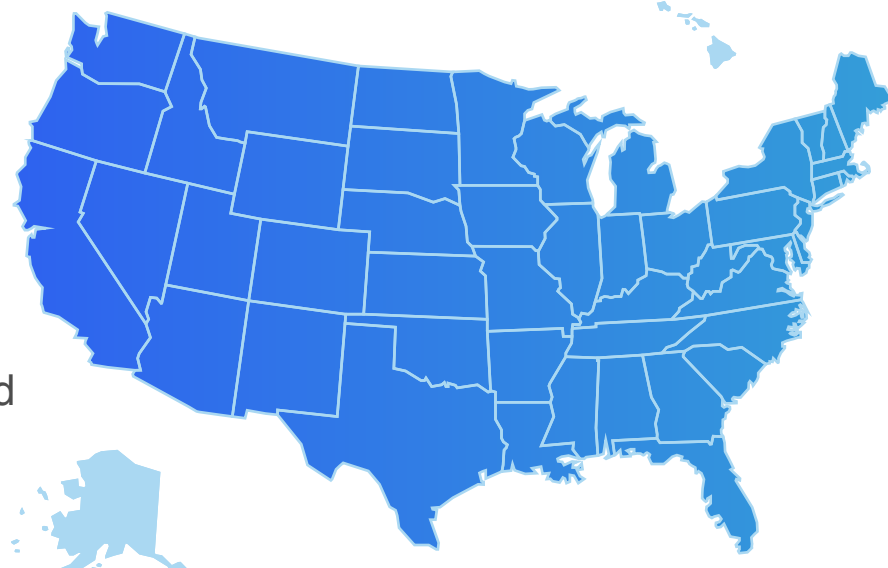

## 8 THINGS TO KNOW ABOUT US

WiLine offers superior internet service for businesses across most of the United States with far more control and customization than the most common ISPs. Here are a few things to keep in mind if you're considering switching to us as a service provider.

### 1 OUR SERVICES HAVE BEEN ADOPTED NATIONWIDE.

WiLine has grown to cover 44 states — and we're expanding nationwide, fast. We're trusted by some of the largest businesses across the country to provide superior internet service.

### 2 WE'RE SERVED IN 600+ MARKETS AND COUNTING.

We're becoming one of the most popular choices for secure and fast internet service. We currently serve 600+ markets and are adding new markets every day.

### 3 OVER 10,000 BUILDINGS HAVE WILINE INTERNET IN PLACE.

WiLine provides internet to over 10,000 buildings nationwide while offering 10 Gbps Internet, super-fast installations on multi-tenant units and network redundancy.

### 4 INSTALL IN DAYS, NOT MONTHS

With our easy to use Rapid Install Kit (RIK) your business can be online in as little as 48 hours.

### 5 432,000 BUILDINGS CERTIFIED FOR SERVICE.

Within just a few days, your business can be up and running with a dedicated ultra-high speed symmetric internet service.

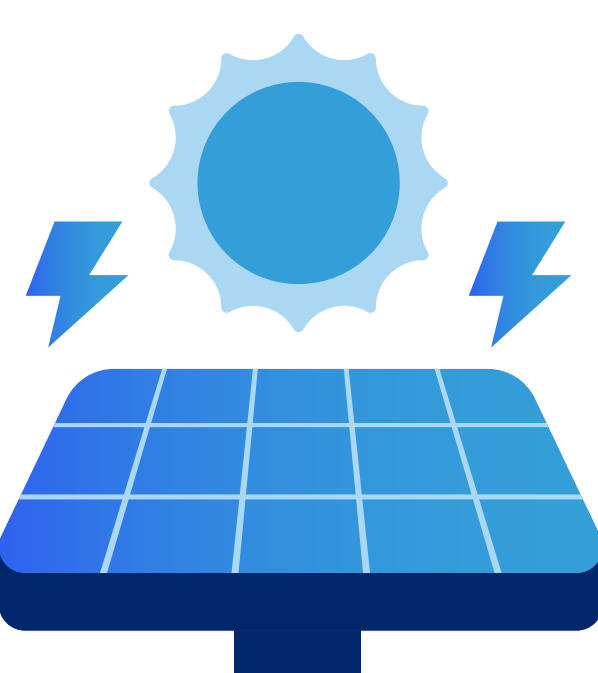

### 6 ULTRA-RELIABLE, REDUNDANT CONNECTIONS.

With a redundant approach featuring north/south connections, you can be confident there is always a backup path ready.

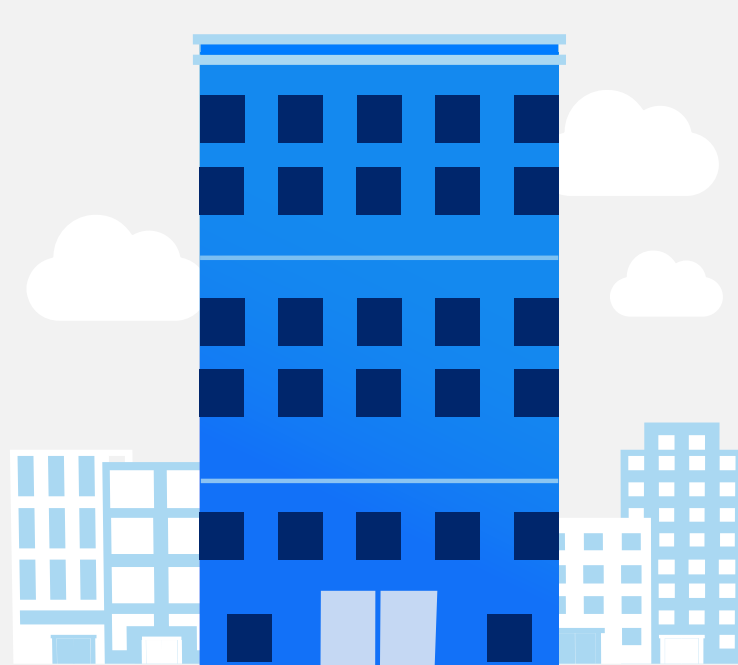

### 7 BATTERY- AND SOLAR-POWERED BACKUPS.

Mitigate the impact of brown- and black-outs from power failures and help green the planet in the process.

### 8 80% OF WILINE'S NEW CLIENTS ARE ENTERPRISE OR MID-MARKET

Trusted by some of the largest companies nationwide.

Here at WiLine, we offer unparalleled customer service, performance and security for all our customers. That's why we've established our reputation with our clients as a superior alternative to the most common ISPs. Get in touch to learn how we differentiate ourselves from the competition.
